

COMBAT HERO

Art. No. 206272

Color: coyote, Leather/textile combination, breathable, abrasion resistant inner liner, leg height 8 inches, sole DEFENDER

Available sizes US 4 – 16 & half sizes

Available widths: Medium, Wide

206272

HAIX® 2-Zone Lacing

HAIX® Climate System

Upper Material

Leather/textile combination, hydrophobic and breathable (5 mg/cm²/h), Thickness: 0.08 – 0.09 inches (2.0 – 2.2 mm).

Inner Lining

Abrasion resistant and breathable textile lining, made of 100 % polyamide for high wearing comfort.

Insole

Plastic insole, laminated with non-woven, with integrated shank piece. Dimensionally stable, torsion-proof, prevents penetration pressure from sharp objects (e.g. stones).

Midsole

Removable climatic inner sole made from polyurethane bottom layer, laminated with 100% polyester non-woven, high abrasion resistant, machine washable at 86 °F.

Footbed

Comfortable, cushioning and moisture repellent for good cushioning and foot insertion. "AIRFLOW" channels.

Sole

Rubber/EVA sole with a sporty street/terrain tread. Optimal step and bend behaviour due to sporty toe and heel rounding. The lightweight EVA, impact-absorbing wedge ensures outstanding walking characteristics. Fuel-Oil resistant, non-marking and self cleaning. Excellent insulation against cold and heat.

HAIX® Climate System

The HAIX® Climate system uses the pumping movement, which permits air circulation with every step – moist air is released and fresh air comes in through the Micro-Dry lining/vent holes at the top of the boot.

HAIX® 2-Zone Lacing

Two Zone Lacing System enables a separate adjustment of the boot to the foot and leg area.

HAIX® Absorption

Absorption with cushioning wedge which is built into the sole.

Others

Lacing system with low friction loops permitting smooth movement, rear pull strap
