leg height 8 inches, antistatic, sole 018

Available sizes Men: US 4 – 13 & half sizes, Extra large sizes: US 14/15/16

Available widths: medium, wide

340035

HAIX® 2-Zone Lacing

HAIX® Ankle Protector System

Upper Material

Waterproof leather 1.6 – 1.8 mm thick, hydrophobic, breathable

Inner Lining

CROSSTECH® Laminate Technology; Waterproof and breathable. Abrasion-resistant lining with optimized climate comfort for all seasons, especially flexible for alternating inside and outside use. Superior penetration resistance against blood and body fluids (protection against blood borne bacteria and virus). Increased chemical protection.

Insole

Comfortable, cushioning and moisture repellent. Separate heel shape for good cushioning and foot insertion. "AIRFLOW" channels.

Running sole

Made of rubber; fuel-oil, heat resistant as well as cold insulating, non-marking, abrasion resistant and self cleaning.

Anti Slip

Very good grip on different terrains by profile configuration and use of a special rubber.

Midsole

2-component PU, light, cushioning, supporting, double density.

Durable Sole

Rubber mixture for long durability.

HAIX® 2-Zone Lacing

Two Zone Lacing System enables a separate adjustment of the boot to the foot and leg area.

HAIX® Ankle Protector System

Safety protection zones to prevent injury to the ankle.

HAIX® Climate System

The HAIX® Climate system uses the pumping movement, which permits air circulation with every step – moist air is released and fresh air comes in through the Micro-Dry lining/vent holes at the top of the boot.

HAIX® Smart Lacing System

Smooth and non-pressure adjustment of the boot to the foot, quick lock and lace pocket.

Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

Others

Lightweight, antistatic, metal-free, closed lacing system with lace pocket, pull strap

Extended Wear Program

Out of warranty footwear can be refurbished with original factory parts through an extended wear package. This package includes any necessary replacement or repair of stitching, profiled rubber toe caps, insoles, and retreading of soles. Footwear will be cleaned and deodorized. HAIX footwear owners also have the option of a sole retread only or a toe cap replacement only.
