CROSSTECH® footwear, waterproof and breathable, bacteria, chemical as well as bloodborne pathogen resistant. Highly abrasion resistant and softly padded with breathable foam.

Sole
Nitrile rubber shell sole, fuel-oil resistant, self-cleaning tread, high voltage resistant 18 KV.

Flexible protective stainless steel, cast into the sole, to meet ASTM F2413-2018 and CSA Z195-2014 standard for personal protection – protective footwear.

Insole
Anatomically formed, quick change, machine washable insert with excellent moisture absorption and quick drying qualities.

Footbed
Anatomically formed TEXON (fleece) absorbs moisture and supports ankle.

HAIX® Secura Liner®
Footwear inner liner which will never pull out or wrinkle up over time; lining is firmly secured and sealed along with the upper leather beneath the sole.

HAIX® Fast Lacing Fit System
Patented Two Zone Lacing System for quick and optimal lacing adjustment and correct fit of the boot.

HAIX® Sun Reflect Leather

HAIX® MSL System
Micro Soft Light: PU foam injected throughout the sole for greater shock absorption and cold/heat insulation; extremely low weight.

Protective Toe Cap
Anatomically formed and well-padded steel protective toe cap to meet ASTM 2413-2018 and CSA Z195-2014 standard for personal protection – protective footwear.
