

ENFORCE X MID

Art. No. 206276

HAIX® Secura Liner®, HAIX® Sun Reflect Leather, HAIX® Climate System, leg height: 5 inches, sole 026

Available sizes: 4 ½ – 15 & half sizes

Available widths: Medium, Wide

GORE-TEX
CROSSTECH®
PRODUCT TECHNOLOGY

206276

Upper Material

Soft and supple waterproof leather, hydrophobic, breathable

Sole

Extremely slip resistant rubber outsole with PU wedge which is fuel-oil and skid resistant, with a non-marking, self-cleaning, antistatic tread. Excellent insulation against heat and cold

Insole

Anatomically formed, quick change, machine washable insert with excellent moisture absorption and quick drying qualities

Footbed

TEXON (fleece) insole absorbs moisture

Moisture Barrier

CROSSTECH® footwear, with warp knit inner lining, highest level of abrasion resistance and fast drying, waterproof, breathable, blood and body fluid and common chemical resistance

HAIX® Secura Liner®

Footwear inner liner which will never pull out or wrinkle up over time; lining is firmly secured and sealed along with the upper leather beneath the sole

HAIX® Sun Reflect Leather

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler

HAIX® Climate System

Permits air circulation with every step – moist air is released and fresh air comes in through the vent holes at the top of the boot

Other

Anatomically formed and softly padded tongue, lightweight, high quality low friction loops and reinforcement in the toe and heel area. Superior sole stability enhanced by a plastic stone shield built into the sole which also prevents the sole of the foot from feeling every rock and stone

Extended Wear Program

Out of warranty footwear can be refurbished with original factory parts through a resole package. This package includes any necessary replacement or repair of stitching, profiled rubber toe caps, soles, and insoles. Footwear will be cleaned and deodorized
