**Available sizes: Men 5 – 16 & half sizes, Women 5 – 12 & half sizes**

**Available widths: Narrow, Medium, Wide**

507528/29

HAIX® Climate System

HAIX® Boot Jack

Durable toe cap

## Upper Material

Waterproof leather, hydrophobic and breathable.

## HAIX® Sun Reflect Leather

Reduces the heating effect of the upper leather. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

## HAIX® Secura Liner®

Footwear inner liner which will never pull out or wrinkle up over time; lining is firmly secured and sealed along with the upper leather beneath the sole.

## Moisture Barrier

CROSSTECH® footwear: waterproof and breathable, bacteria, chemical and bloodborne pathogen resistant. Highly abrasion resistant and softly padded with breathable foam.

## Insole

Moisture-absorbent non-woven Strobel insole.

## Inlay sole (Footbed)

Comfortable, anatomically formed, shock absorbing, breathable, quick change, PU injected insert with excellent moisture absorption and quick drying qualities. Machine washable at 86°F.

## HAIX® Protective toe cap

Anatomically formed and well-padded protective toe cap to meet ASTM 2413-2018 and CSA Z195-2014 standard for personal protection – protective footwear.

## Protective Flexible Midsole

Flexible protective stainless steel, cast into the sole, to meet ASTM F2413-2018 and CSA Z195-2014 standard for personal protection – protective footwear.

## Sole

Lightweight rubber/PU sole in a sports style with sturdy road/rough terrain profile and enhanced toe-to-heel support; wear-resistant with excellent anti-slip properties - even in cold weather. The lightweight PU shock absorption wedge provides extra walking comfort and excellent thermal insulation. The flame-resistant outer sole is non-marking and offers excellent resistance against heat, oil and fuels. It's bright yellow signal marks are visible even through thick smoke. Electrical hazard resistant to 18,000 V acc. to ASTM F2413-18 and CSA Z195-2014.

## HAIX® Vario Wide Fit System

Three different boot inserts enable you to adjust the boot to the width of your feet.

## HAIX® AF System

Ankle Flex System refers to the functionality of a pull-on boot which enables it to adjust to different foot, ankle, and heel shapes. Flexible elastic components enable problem free donning and the self adjusting ankle and instep area provides optimal fit in the boot. Integrated flex-zones ensure high flexibility and prevents pressure points.

## HAIX® Climate System

Permits air circulation with every step – warm air is released and fresh air comes in through the vent holes at the top of the boot.

## Other

Durable toe cap, boot jack, large boot straps on both sides.

## Extended Wear Program

Out of warranty footwear can be refurbished with original factory parts through an extended wear package. This package includes any necessary replacement or repair of stitching, profiled rubber toe caps, insoles, and retreading of soles. Footwear will be cleaned and deodorized. HAIX® footwear owners also have the option of a sole retread only or a toe cap replacement only.
