

TROOPER GTX

high / black / side zipper

Art. No. Men 206287, Women 206288

leather & textile, waterproof and highly breathable due to GORE-TEX CROSSTECH® and Thermium Technology, HAIX® Climate System, leg height: 8 inches, sole 026

Available sizes: Men 4 – 16 & half sizes, Women 5 – 11 & half sizes

Available widths: Medium, Wide, Extra Wide

Sidezipper

Upper Material

Waterproof leather & textile

Inner lining

GORE-TEX CROSSTECH®; waterproof, breathable, and fast drying with additional bloodborne pathogen and chemical resistance. Low bulk, ultra thin GORE-TEX THERMIUM® in the toe area provides additional insulation against the cold

Sole

Extremely slip resistant rubber outsole with PU wedge which is fuel-oil and skid resistant, with a non-marking, self-cleaning, tread. Excellent insulation against heat and cold

Footbed

TEXON (fleece) inner sole absorbs moisture

Insole

Moisture wicking comfort insert with cushioning effect. Separate heel cup ensures optimized cushioning and foot guidance. "AIRFLOW" channels. "Perfect-Fit" marking for optimized boot size choice. Washable at 86 °F

Anti Slip

Very good grip on different terrains by profile configuration and use of a special rubber

Moisture Barrier

CROSSTECH® footwear, with warp knit inner lining, highest level of abrasion resistance and fast drying, waterproof, breathable, blood and body fluid and common chemical resistance

HAIX® Sun Reflect Leather

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler

HAIX® Climate System

Permits air circulation with every step – moist air is released and fresh air comes in through the vent holes at the top of the boot

Other

Anatomically formed and softly padded tongue, lightweight, high quality low friction loops and reinforcement in the toe and heel area. Superior sole stability enhanced by a plastic stone shield built into the sole which also prevents the sole of the foot from feeling every rock and stone

Refurbish Program

Out of warranty footwear can be refurbished with original factory parts through an extended wear package. This package includes any necessary replacement or repair of stitching, profiled rubber toe caps, insoles, and retreading of soles. Footwear will be cleaned and deodorized. HAIX footwear owners also have the option of a sole retread only or a toe cap replacement only
